Personal Income Tax Season Has Arrived!

For new and existing personal income tax clients, here are some reminders and new information regarding GSE's personal income tax preparation process.

1. We continue to operate in accordance with the ever-changing Public Health Guidelines as well as our own COVID-19 office policies. We continue to provide multiple methods to accommodate the receipt of your income tax documents in a secure and safe manner.

a) Secure online Portal - Please upload supporting documents via our [Secure client portal](#). We prefer PDF files and recommend the use of an app such as Microsoft Lens (available in your favourite app store) to help you convert image files to a PDF. When in doubt, submit what you have and we'll reach out if the format is not compatible.

OR

b) **ST. THOMAS** - Our office is open, however we suggest clients continue to drop off supporting documents to the secure drop box at the rear of the County of Elgin building, door closest to the loading dock. This drop-box is emptied daily and allows us to have fewer clients in our reception area. If your item is too big for the drop-box, please walk inside and leave your package with the receptionist on the first floor. The drop-off hours are 8:30 - 4:30 pm, Monday to Friday.

OR

c) **AYLMER** - Our office is open, however we suggest clients please drop off supporting documents to the secure drop box located directly outside of our regular main reception lobby door. This drop-box is emptied daily and allows us to have fewer clients in our reception area. If your item is too big for the drop-box, please enter the office and leave with reception. The drop-off hours are 8:30 - 5:00 pm, Monday to Friday.

2. We have a new [Document Library](#) on our website. Here you will find the following documents:

a) 2022 Personal Income Tax Return Checklist - please review this listing to determine if you are submitting all necessary documents to support your reported income, deductions and credits. Within the Checklist there is some helpful information about how some of COVID-19 government benefits will be treated on your personal return, as well as the impact of working from home.

b) T1 Returning Client Questions - Please complete these questions on an annual basis. Either print and drop them off with your personal taxes or upload your responses to the Portal. These questions help us to ensure we have accurate information about your current tax situation.

Note that employees can only claim a reasonable portion of the following under the detailed method:

- Electricity.
- Heat.
- Water

- Home internet access fees (cost of plan only, new in 2020).

3. How do I get my documents and personal tax return back?

a) Once your tax return has been prepared and reviewed, you will receive a call indicating that your personal income taxes have been completed.

b) If you have not already told us, we will ask if you would like it back electronically (via our Secure online portal) or a paper copy (at this time no appointment is needed). Prior to us filing your return, we require a signature – this can be done either via Portal (using an electronic signature - DocuSign), via Portal (with a scanned upload of the signed document), via fax, via Mail, via drop-box at our office, or it can be signed in-person at the time of pick-up.

As always, if you have any questions, please reach out to us at (519) 633-0700/ (519) 773-9265 or contact the individual you usually work with.

Happy tax filing!
